

Tools Used: ChatGPT

Used for: Understanding what the assignment is asking for.

Prompt: “Can you explain what a 3-level WBS and a project timeline/Gantt chart are and give me an example for a parking project?”

Kept/Changed: I used the explanation to better understand the assignment and created my own project content.

WBS Used for: Getting ideas for how to organize the project tasks.

Prompt: “Can you show me an example of how a 3-level WBS could be organized for a parking reservation system?”

Kept/Changed: I used the example as a guide and adjusted the tasks to fit my project.
